MEMORANDUM

TO: All Reserve Flight Attendants  
FROM: Crew Scheduling  
SUBJECT: June 2020 Reserve Availability Periods

Crew Scheduling will begin applying the new section 8 contract language whereby there will be a maximum limit of three (3) Reserve Availability Periods (RAPs) on the Standby Reserve list. For HNL these periods will be 02:00-14:00; 06:00-18:00 and 09:00-21:00.

To reduce the number of manual adjustments to the Reserve Availability Periods, the June 2020 reserve schedules will be loaded with a default time of 06:00-18:00 for HNL and 05:00-17:00 for LAX.

Adjustments will be made to applicable Reserves and changed to the 02:00-14:00 or 09:00-21:00 RAPs accordingly. Please check your schedule by from 16:00-20:00, the day prior to each reserve day to sign off for your schedule.
