

FLICA ETCH Drop Changes *12/30 UPDATE*

Aloha,

In our attempt to address system issues with automatically moving unawarded ETCH groupings from the ETCH Drop folder to the Cleared ETCH folder, we have unfortunately encountered additional FLICA complications. We are sadly left in the situation of having to choose the lesser of two problems, as neither scenario can currently address all issues.

What you can expect:

Beginning with the December 30, 2021 ETCH Drop award, we will re-implement the process whereby FLICA will automatically move unawarded groupings from the ETCH Drop folder to the Cleared ETCH folder.

This will resolve the issue of FAs being unable to post in the Cleared ETCH, as the system will do so automatically.

Unfortunately, this means FAs will be unable to make changes to the grouping when it is moved to the Cleared ETCH folder.

If you wish to trade the Cleared ETCH pairing, please email both crewmembers' details to Crew.Schedule@Hawaiianair.com

For any questions or concerns, please contact Crew Scheduling.

Mahalo for your patience & understanding,

Your Crew Scheduling Team
