

Reminder: Segments should not be dropped into the Opentime folder as outlined in section 12 L. 7. of the CBA.

Identifying a segmented pairing:

Segmented pairings will be modified with a letter appended to the pairing number i.e., **H3706A**. Click on the pairing number to view the pairing detail. Segmented pairings will only have one FA listed in the Crew section. You may also see “DH Self” for one of the segments.

Examples:
