

Title **iPhones / Handheld Devices and New Trip Request Folder**

To **ALL FLIGHT ATTENDANTS**

Date Issued **February 18, 2018**

Effective date **February 18, 2018**

Please note that the new Trip Request does not currently support iPhones and some hand-held devices. We are currently working with the vendor to find a solution. In the meantime, we recommend you access the program using a desktop computer using updated versions either Google Chrome, Firefox, Safari and Internet Explorer web browsers. Some users have reported being able to submit with iPads and Google Chrome.

Also, note that the folder will not be accessible from the Flica App. Use the full site option.

IMPORTANT: Your request is not officially submitted if until you see your preferences in the Preference View.

Once your preference is built it will display in the “Submit or View Preferences” folder as in the image below.
