

Attention all Flight Attendants

Since implementing the new contract language on automatically moving unawarded ETCH groupings from the ETCH Drop folder to the Cleared ETCH folder, we have experienced some unintended issues.

These issues appear to have gotten worse this month, where many Flight Attendants were unable to make desired requests like they're use to.

To prevent further issues and allow for simpler requesting and processing for Flight Attendants, we have decided to remove this feature temporarily until the vendor can correct these issues.

This means that if you post a grouping in the ETCH Drop folder and it is not awarded, the Flight Attendant will need to re-post it in the NANI & Cleared Folder. Once it is cleared and reposted, the grouping can traded as desired.

If you run into any issues please contact Crew Scheduling.

Aloha,

Your Crew Scheduling Team
